Vista College, Maastricht

2024 – Present | Netherlands

Secondary education (Havo, TL)

Stella Maris College, Meerssen

2021 – 2024 | Netherlands

Secondary education (Havo)

Campus de Helix, Maasmechelen

2020 – 2021 | Belgium

PROFILE

I am a third-year Software Development student at Vista College, specializing in PHP and backend development.

Proven experience in building automated, full-featured web applications—including an e-commerce shop with integrated payments managing 510+ products.

I am eager to learn new things and contribute effectively to a team or project.
